OFFICER TRAINING AND EXPERIENCE

I am currently assigned to the Special Victims Unit for the Utah County Sheriff's Office. I have been through the POST training academy and have been trained and certified as a Utah Peace Officer since April 2015, starting with Lehi Police Department for 6 years which consisted of approximately 3 years on patrol with another approximately 2 and a half years in the special victim's unit. I then moved to work for the Utah County Sheriff's Office and in my first 3 years there, I was assigned to the law enforcement patrol unit. In my time on patrol, I have investigated a wide variety of cases including DUI's, drugs, domestic violence, thefts, frauds, assaults, sex offenses, crimes against children as well as undercover work within the special victim's unit and as part of the FBI Child Exploitation Task Force. During my time as a police officer, I have been trained and certified as a drug recognition expert and have done dozens of drug evaluations. I have had several DUI arrests both involving alcohol and drugs.

While working for Lehi Police Department in the special victim's unit I worked crimes against children with an emphasis in online sex crimes. I was a task force officer with the FBI Child Exploitation Task force and started working with them in February 2018 through the rest of my time with Lehi PD. During that time, I have worked and been part of hundreds of arrests for online crimes against children. I have also been the lead detective on several sex crimes, property crimes and all manner of crimes against people such as attempted homicide.

I am currently assigned to the Special Victims Unit (SVU) with the Utah County Sheriff's Office and am primarily assigned to work cybercrimes involving the sexual exploitation of minors. During my time as a sworn officer, I have investigated thousands of cases which have led to successful convictions in the court system. I have been trained as a forensic interviewer and have been to several interview and interrogation trainings and applied what has been taught in my investigations. As an SVU detective I have investigated several cases involving the sexual exploitation of children, online enticement of children and even homicide. In my current assignment I am investigating online crimes against children and based on my training and experience, I know that individuals who search for, download, and view child sex abuse imagery routinely accumulate, store, and conceal collections of sexually explicit depictions of children. I have also attended and completed the training at the ICAC bootstrap academy. I have since been approached by the FBI Child Exploitation Task Force and was reinstated as a Task Force officer with them. My experience in investigations has been refined and is continually improving as I further my career.

Based on my training and experience, I know that individuals who search for, download, and view child sex abuse imagery routinely accumulate, store, and conceal collections of sexually explicit depictions of children.

On 9/10/2025 Charles James Kirk was at the Utah Valley University campus for a political event. Charles was wearing a white tee-shirt and dark pants, sitting under a White canopy in a courtyard of the campus facing to the East. Charles was holding a microphone and speaking to a crowd. While speaking into the microphone, a loud gunshot was heard, and Charles appeared to have been hit in the neck. Blood was seen quickly coming out of the left side of his neck as he fell over to his left. Charles was transported to the Timpanogos Regional Hospital in Orem. Charles was pronounced deceased at the hospital. It was found that the suspect in this case was seen at the Intermountain Health Utah Valley Hospital

possibly searching for Charles Kirk but who was not there. The suspect had since fled the area and is not in custody. Permission is requested to seize any surveillance or video footage that would have captured the suspect at the hospital. This search warrant is requested to prevent the loss of evidence that would be contained on the video surveillance system at the Intermountain Health Utah Valley Hospital.

WHEREFORE, your affiant prays that a Search Warrant be issued for the seizure of said items in the daytime.

APPLICATION TO SEAL SEARCH WARRANT AND RELATED DOCUMENTS:

Your Affiant requests, pursuant to Utah Rule of Crim. P. 40(m) that the search warrant, application, and affidavit or other recorded testimony upon which the warrant is based, to include this application for an order sealing such documents, be SEALED until 03/10/2026 for the following reasons:

- pose a serious impediment to the investigation;

At this time the suspect who is involved in this case is not in custody. Should information contained in this Affidavit become public, it may pose a serious impediment to the investigation.

I declare under criminal penalty of the State of Utah that the foregoing is true and correct.
