
IN THE FOURTH DISTRICT COURT - ALL DEPARTMENT
IN AND FOR UTAH COUNTY, STATE OF UTAH

AFFIDAVIT FOR SEARCH WARRANT

STATE OF UTAH)

:ss

County of Utah)

I, JUSTIN BOWEN, a Investigator with the State Bureau of Investigation, currently assigned to the Major Crimes Unit, being duly sworn, state as follows:

This affidavit is submitted in support of a search warrant application for a search of the Quantum Fiber (Owned by Lumen Technologies) account(s) identified by this user:

Username: trobinsonut@gmail.com

at

Lumen Technologies,
5325 ZUNI STREET ROOM 750 Denver, CO 80221.

This affidavit is submitted Under Utah code Title 77 Chapters 23b, 23c, or 23f in support of a search warrant application for a search and seizure of location information, stored or transmitted data, electronic information transmitted by the owner to a remote computer service or through an electronic communication service, the contents of an electronic communication in electronic storage of an electronic communication service, or identifying information for an electronic device, of any kind (including those that are currently stored or were stored), as specifically identified in this warrant for the Quantum Fiber (Owned by Lumen Technologies) account(s) associated with Username: trobinsonut@gmail.com, which constitute evidence of a crime, contraband, fruits of a crime, or other items illegally possessed, or property designed for use, intended for use, or use in committing a crime, to wit: Aggravated Murder, in violation of Utah law section 76-5-202 et seq

Since this affidavit is being submitted for the limited purpose of securing a Search Warrant, I have not included each and every fact known to me concerning this investigation. I have set forth only the facts that I believe are necessary to establish probable cause to believe that evidence of violations of state and/or federal laws involving Aggravated Murder will be located in the Quantum Fiber (Owned by Lumen Technologies) account(s) belonging to:

Username: trobinsonut@gmail.com

The information contained within this affidavit is based on my knowledge, training, experience, and/or information related to me by other law enforcement officers.

List of Items to be Seized:

Date Range: 8/27/2025 through 9/12/2025

Account associated with the username: trobinsonut@gmail.com

1. The contents of any communication or file stored by or for the Account(s) and any associated accounts, and any information associated with those communications or files, such as the source and destination email addresses or IP addresses including port numbers.
2. The contents of any systems or servers (virtual or physical) associated with the specified IP addresses, along with communication(s) or file(s) stored by or for the Account(s) owning, operating, leasing, or otherwise connected to the specified IP addresses, and any associated accounts, and any information associated with those communications or files, such as the source and destination email addresses, IP addresses, or domains.
3. All records and other information relating to the Account(s) and any associated accounts including the following:
 - a. Names (including subscriber names, user names, and screen names);
 - b. Addresses (including mailing addresses, service addresses, residential addresses, business addresses, and e-mail addresses);
 - c. Account opening documents (e.g. application, driver's license, identification, know your customer documents, photos, etc.)
 - d. Account log history, to include records of session times and durations, and the temporarily assigned network addresses (such as Internet Protocol ("IP") addresses) associated with those sessions, and device identifier;
 - e. Length of service (including start date) and types of service utilized;
 - f. Information related to all bank accounts related to the individuals/entities identified through the search warrant; and
 - g. All transaction records related to the accounts utilized by the individuals and entities identified above.
4. Any location information.
5. All available activity, connection and transactional logs, including user agent strings.
6. Any communications between the account holder and Quantum Fiber (owned by Lumen Technologies).

and that said property or evidence:

Was unlawfully acquired or is unlawfully possessed;

has been used or is possessed for the purpose of being used to commit or conceal the commission of an offense; or

is evidence of illegal conduct.

The facts to establish the grounds for issuance of a Search Warrant are:

Your affiant, Agent Justin Bowen, is employed by the Utah Department of Public Safety State Bureau of Investigation and is currently assigned to the Major Crimes unit. Your affiant has been given the responsibility to investigate homicides, violent crimes, weapons offenses, fraud, domestic violence crimes, sex offenses, offenses related to vehicle crashes and narcotics offenses among others. Your affiant has been through Peace Officer Standards and Training, and graduated August 2018. Your affiant has received several specialized trainings in different areas, including sex crimes investigations, fraud detection and prevention, domestic violence incidents, and homicides. Your affiant is a credentialed

Certified Fraud Examiner (CFE) through the Association of Certified Fraud Examiners (ACFE). Your affiant has investigated or assisted in investigations involving homicides, firearms offenses, death investigations, assault offenses, property crimes, crash investigations, and impaired driver investigations.

Your affiant has completed specialized training in the area of crime scene investigation and forensics through courses taught by the Utah Bureau of Forensic Services, and The Force Science Institute, including the completion of basic and advanced crime scene specialist training. Your affiant has completed training in the areas of crime scene investigation, interview and interrogation, and sex crime investigation. Your affiant is trained and certified in the operation of FARO 3D scanning devices.

The statements in this affidavit do not contain all known information but rather only those facts believed to be necessary to establish probable cause for this complaint. I am familiar with the facts and circumstances set forth herein as a result of a review of records, digital surveillance camera footage, and conversations with other law enforcement officers, and my own investigative efforts, as more fully described below.

On September 10, 2025, Charles James Kirk was at the Utah Valley University (UVU) campus in Orem, Utah, for a political event. Mr. Kirk is a conservative political activist who was scheduled to speak at an event in the courtyard area on the UVU campus. The courtyard area is to the west of the Losee Center building. According to video recordings, Charles was wearing a white T-shirt and dark pants, sitting under a white canopy in a courtyard of the campus facing to the east. Charles was holding a microphone and speaking to a crowd. While speaking into the microphone, a loud gunshot was heard at approximately 1223 hours, and Charles appeared to have been hit in the neck. Blood was seen coming out of the left side of his neck as he fell over to his left. Charles was transported to the Timpanogos Regional Hospital in Orem. Charles was pronounced deceased at the hospital. Charles' body was transported to the Office of the Medical Examiner, where an autopsy was performed on the body. According to information obtained from the police officer who attended the autopsy, Sergeant Barrett with the Utah State Bureau of Investigation, Dr. Guarjado with the Office of the Medical Examiner concluded the autopsy and explained that he was going to certify that Charles Kirk's cause of death was a homicide caused by a gunshot wound.

Investigators reviewed the Utah Valley University surveillance cameras. While reviewing the surveillance cameras, investigators observed an individual on the rooftop of the Losee Center building on the UVU campus at the time of the shooting. Hereafter, the individual was later identified as Tyler Robinson and will be referred to as "Tyler", "Tyler Robinson", or "Robinson". Based on surveillance camera footage, Robinson appears to be a white male with dark colored hair, wearing a blue colored hat, sunglasses, a long sleeve black shirt with a picture of an American flag and an eagle printed on the shirt, dark colored jeans, and white/gray shoes with white colored shoelaces (the shoes appear to be consistent with Chuck Taylor/Converse style shoes). Robinson is also carrying a dark colored backpack on his back. Robinson walks with a distinctive gait. Prior to the shooting, Robinson appears to walk with a stiff right leg and at a relatively slow pace. Robinson's ability to bend his right leg appears to be restricted. The Investigators were able to track Robinson's movements on the UVU campus, starting at approximately 1150 hours on 9/10/2025.

At approximately 1150 hours, a UVU surveillance camera first captured Robinson walking across a grassy area north of Campus Drive at approximately 800 West. Robinson walks south through the parking lot and approaches a pedestrian tunnel that runs underneath

Campus Drive. Robinson pauses briefly before entering the tunnel. Before entering tunnel, Robinson pauses at the top of the stairs and pulls out what appears to be a cellphone from his right pocket using his right hand at approximately 1153 hours. Robinson appears to be manipulating the cellphone device with his hands, possibly texting. Robinson eventually puts what appears to be a cellphone back in his right pants pocket using his right hand. Robinson walks down the stairs and noticeably keeps his right leg mostly straight while walking down the stairs into the tunnel. Robinson walks through the tunnel and into the parking garage area. Robinson walks up the stairs to the second level of the parking garage. While walking up the stairs in the parking garage, Robinson continues to keep his right leg straight. As Robinson approaches the landing on the stairs between the first and second floor, it appears as though there is something bulging out from Robinson's waistband area as he walks up the stairs. The bulge appears to be underneath Robinson's black shirt and on the right side of Robinson's waistband area.

At approximately 1202 hours, Robinson is observed walking on the north side of the Losee Center building, walking with the same gait as observed earlier. Robinson walks south on the sidewalk on the east side of the Losee Center building. Robinson enters the Losee Center building through a set of doors on the southeast corner of the Losee Center building. At approximately 1215 hours, Robinson is observed walking up the stairs that lead to the common area adjacent to the Losee Center building. Robinson walks to a short concrete wall that separates the common area from the rooftop of the Losee Center building. At approximately 1217 hours, Robinson climbs over the short wall and appears to crouch down on the north side of the wall on the rooftop. At approximately 1222 hours, Robinson stands up and starts running across the rooftop of the Losee Center building. Robinson runs to the west side of the rooftop and appears to scoot along the rooftop area as he gets closer to the edge of the rooftop. At approximately 1222 hours, Robinson lays down in a prone position near the edge of the rooftop and appears to be facing west, in the direction of the courtyard area.

The rooftop of the Losee Center building overlooks the courtyard area where the event featuring Charlie Kirk was taking place. The Losee Center building is east of the courtyard area. At approximately 1223 hours, Robinson stands up suddenly from the edge of the rooftop and sprints north on the rooftop of the Losee Center building. This sprinting motion is in stark contrast to the slow and restricted gait observed by Robinson in earlier surveillance camera footage. Robinson runs to the northeast corner of the Losee Center building and approaches the edge of the rooftop. Robinson places a dark colored item on the rooftop and proceeds to lower himself off the rooftop. Robinson drops off the rooftop onto the grass below. Robinson runs north near the parking lot to the east of the Losee Center. At approximately 1224 hours, Robinson runs north across the Campus Drive road.

The area to the north of Campus Drive road where Robinson crossed over is a grassy area with trees on the edge of the UVU campus. Investigators discovered a bolt action rifle wrapped in a dark colored towel. The rifle was determined to be a Mauser Model 98, .30-06 caliber bolt action rifle. The rifle had a scope mounted on top of it. Investigators noted inscriptions that had been engraved on casings found with the rifle. Inscriptions on a fired casing read "Notices Buldge OWO what's this?". Inscriptions on the three unfired casings read: "hey fascist! CATCH! (up arrow symbol, right arrow symbol, and three down arrow symbols)". A second unfired casing read "O Bella ciao, Bella ciao, Bella ciao, Ciao, ciao!". A third unfired casing read "If you read This, you are GAY Lmao".

Investigators documented a shoe impression on the northeast corner rooftop edge of the Losee Center building. This shoe impression was located in the vicinity where Robinson

climbed down from the rooftop. The shoe impression is consistent with the shoe sole characteristics of a Converse/Chuck Taylor shoe.

While processing the crime scene, evidence technicians were able to identify the locations where Robinson, through physical contact, had left potential biological evidence. Touch DNA transfers when skin cells, from touch or sweat, are shed onto an object during direct or indirect contact, and it can also transfer from one person to another. This type of DNA evidence comes from epithelial cells, or skin cells, that contain cellular DNA and can be recovered from a wide range of surfaces with the use of forensic DNA techniques. This evidence was collected in order to obtain a potential DNA profile for Robinson. Evidence technicians also identified fingerprints and a smeared palm print in the vicinity of the northeast corner rooftop edge of the Losee Center building where Robinson dropped off the rooftop to the ground below.

On 9/11/2025, Sheriff Smith with the Utah County Sheriff's Office received a phone call at approximately 2004 hours from Sheriff Brooksby with the Washington County Sheriff's Office. According to Sheriff Brooksby, he had received a phone call from a former deputy who had previously been employed with the Sheriff's Office. The former deputy, identified as Mike Mitchell, explained that he had received a phone call from the father of Tyler Robinson. Mike Mitchell explained that Tyler Robinson confessed to his father that he was the shooter at Utah Valley University. Tyler Robinson's parents worked with law enforcement to arrange a way for Tyler Robinson to turn himself in without a confrontation with law enforcement. Mike Mitchell coordinated with law enforcement to have Tyler Robinson meet with law enforcement at the Washington County Sheriff's Office. Tyler Robinson arrived at the Washington County Sheriff's Office accompanied by his parents at approximately 2226 hours. Tyler Robinson was not wearing clothing consistent with the clothing observed on surveillance cameras during and around the time of the incident at UVU. According to a photo provided to me by Agent Davis with the Utah State Bureau of Investigation, Tyler Robinson arrived at the Washington County Sheriff's Office wearing a dark colored hat, a maroon-colored T-shirt, jeans, and white/gray colored Converse style shoes. Tyler Robinson's mother relayed to law enforcement that Tyler Robinson had expressed having suicidal ideations. Sergeant Elsholz with the Utah State Bureau of Investigation provided me with a photograph of Tyler Robinson's Utah driver license. The driver license was taken from the person of Tyler Robinson by Agent Davis with the Utah State Bureau of Investigation.

On 9/12/2025, at approximately 0100 hours, FBI Special Agent Lange conducted an interview with the boyfriend of Tyler Robinson at the Washington County Sheriff's Office. The boyfriend was identified as Lance Twiggs. During the interview, Lance showed investigators text messages between Tyler Robinson and himself. The following is the content of those messages between Tyler Robinson and Lance Twiggs. First message (Tyler): "I am still ok my love, but am stuck in orem for a little while longer yet". Second message (Tyler): "shouldn't be long until I can come home, but I gotta grab my rifle still. To be honest I had hoped to keep this secret till I died of old age. I am sorry to involve you". Third message (Lance): "you weren't the one who did it right????". Fourth message (Tyler): "I am, I'm sorry". Fifth message (Lance): "I thought they caught the person?". Sixth message (Tyler): "no, they grabbed some crazy old dude, then interrogated someone in similar clothing". Seventh message (Tyler): "I had planned to grab my rifle from my drop point shortly after, but most of that side of town got locked down. Its quiet, almost enough to get out, but theres one vehicle lingering".

Lance showed FBI Special Agent Lange additional text messages between Tyler Robinson

and himself. The following is the content of those messages between Tyler Robinson and Lance Twiggs. First message (Tyler): "three hours ago there was an officer with a k9 walking nearby the area, hoping that pooch has a bad sniffer". Second message (Tyler): im wishing I had circled back and grabbed it as soon as I got to my vehicle, because it sounds like the police couldn't get in for a long while because of the traffic". Third message (Tyler): needless to say imma be late coming home, my b". Fourth message (Lance): "just stay safe". Fifth message (Tyler): "I will". Sixth message (Tyler): "im more worried what my old man would do if I didn't bring back grandpas rifle". Seventh message (Tyler): "he's far scarier than any fed ngl". Eighth message (Tyler): "guess im just sittin in my car watching reels for another hour, hopin this guy fucks off". Ninth message (Lance): "are you ok still?" Tenth message (Tyler): "yes, checkin spot again now, will".

Lance showed FBI Special Agent Lange additional text messages between Tyler Robinson and himself. The text messages were photographed by investigators as Lance showed them the text messages. The following is the text content of one of the pictures that investigators took of messages between Tyler Robinson and Lance Twiggs. First message (Tyler): "I'm sorry, but I think this might be it. If the way is clear I can try and come your way to say goodbye, after that I have a spot in mind that I'll call the police to." Second message (Lance): "are there cops outside?" Third message (Lance): "and why are you calling the police anywhere?" Fourth message (Tyler): "not yet, but I have no doubts they will be on me within the hour. And I will be giving my location up and going out on my own terms. I have no intention of being drug through the courts in front of the country. Can I come see you? After that I can call my dad and see if he's willing to help me or not". Fifth message (Lance): im just at my parents rn, maybe I could make an excuse to head home for a bit". Sixth message (Tyler): "you would need to do that right now". Seventh message (Lance): "any ideas?"

Lance showed FBI Special Agent Lange additional text messages between Tyler Robinson and himself. The text messages were photographed by investigators as Lance showed them the text messages. The following is the text content of one of the pictures that investigators took of messages between Tyler Robinson and Lance Twiggs. First message (Tyler): "for an excuse? idk". Second message (Tyler): "for getting out of this? None, short of my family being willing to cover for me I am fucked". Third message (Lance): "im not gonna be able to leave". Fourth message (Lance): "whats something urgent I would need to leave for?" Fifth message (Tyler): "you could say I told you there is an emergency at home that I need you for, with few details." Sixth message (Lance): "i said im swapping laundry, heading home now". Seventh message (Tyler): "nice. I will see you soon" Eighth message (Tyler): "coworker has just sent me the still of me on campus. What is your eta". Ninth message (Lance): "like 3 minutes".

Lance showed FBI Special Agent Lange additional text messages between Tyler Robinson and himself. The text messages were photographed by investigators as Lance showed them the text messages. The following is the text content of one of the pictures that investigators took of messages between Tyler Robinson and Lance Twiggs. First message (Lance): "why?". Second message (Tyler): "why did I do it?" Third message (Lance): "yeah". Fourth message (Tyler): "I had enough of his hatred. Some hate can't be negotiated out". Fifth message (Tyler): "if I am able to grab my rifle unseen, I will have left no evidence. Going to attempt to retrieve it again, hopefully they have moved on. I haven't seen anything in the news about them finding it. Will update you by midnight". Sixth message (Lance): "alright". Seventh message (Lance): "stay safe". Eighth message (Lance): "how long have you been planning this?" Ninth message (Tyler): "a bit over a week I believe, I can get close to it but there is a squad car parked right by it. I think they already swept that

spot, but I don't wanna chance it".

Lance showed FBI Special Agent Lange additional messages on his cellphone from a social media app called "Discord". In one of the messages that Lance showed to investigators, the user "tylor/lkum" posted the following message in a group chat: "Hey guys, I have bad news for you all. It was me at UVU yesterday. Im sorry for all of this. Im surrendering through a sheriff friend in a few moments. Thanks for all the good times and laughs, you've all been so amazing. Thank you all for everything".

A Facebook post was made by Turning Point USA on August 27, 2025. The post announced that Charlie Kirk would be part of "The American Comeback Tour" and that the first date of the tour would be September 10, 2025, at Utah Valley University.

A search warrant was obtained for Tyler Robinson's cellphone. During a review of the data and information stored on the device, I observed a Google Maps route with a start time of 9/10/2025 6:46:13 PM(UTC+0). Accounting for the time conversion from UTC to MDT, the route start time was approximately 1246 hours. The route start time was approximately 23 minutes after the shooting. The starting point for the route was listed with GPS coordinates. The starting point coordinates were near the Mountain Shadows Shopping Center. According to Google Maps, this shopping center is approximately seven minutes from the Utah Valley University campus. The Google Maps route is from the area near the shopping complex to a Quick Quack Car Wash located at 855 N State St, Orem, UT 84057. Agent Draney with the Utah State Bureau of Investigation obtained records and video footage from the Quick Quack Car Wash of Tyler Robinson's 2013 Dodge Challenger (Utah license plate T455CE) arriving at the car wash at approximately 1257 hours on 9/10/2025. Investigators previously conducted a records check and found Tyler Robinson to be a co-owner on the vehicle outlined above.

I also observed a second Google Maps route that had been stored on Tyler Robinson's device. The Google Maps route had a start time of 9/11/2025 7:33:47 AM(UTC+0). Accounting for the time conversion from UTC to MDT, the route start time was approximately 0133 hours. The starting point for the route was listed with GPS coordinates. The starting point coordinates were in the neighborhood to the north of, and in close proximity to, the area where the aforementioned rifle was located near the UVU campus. The Google Maps route is from the area near the UVU campus to 3419 S River Rd. Investigators had previously conducted a records check and found that Tyler Robinson was residing at 3419 S RIVER RD UNIT 73, SAINT GEORGE UT.

During a review of the data and information stored on Tyler Robinson's device, I observed an Apple ID address associated with the device. The Apple ID email was: cratfin247@gmail.com. Another email account associated with the device was trobinsonut@gmail.com.

During an additional review of the data and information stored on Tyler Robinson's device, I observed an email from Quantum Fiber. According to open source information, Quantum Fiber is an internet service provider that is owned by Lumen Technologies. The email from Quantum Fiber was a subscription receipt and included the following information in the body of the email:

- The amount billed was \$75.00
- The payment method was ACH Checking *****5996
- The payment date of September 7, 2025
- Billed to Tyler Robinson at 3419 S River Rd Saint George, Utah 84790

-Service dates September 7, 2025-October 6, 2025
-Account information listed the username as trobinsonut@gmail.com

Investigators believe that the internet service provided by Quantum Fiber and associated with the account username trobinsonut@gmail.com may have been used by Tyler Robinson in his preparation to kill Charles Kirk. In the aforementioned text messages between Tyler and Lance, Tyler expressed that he had been planning for “a bit over a week...”. In addition, several electronic devices with internet connectivity capability were seized while investigators executed a search warrant at Tyler Robinson’s residence (3419 S River Rd Unit 73 Saint George, Utah). The requested information includes account name, address, billing information, IP login audit, communication accounts, communications with the Internet Service Provider (ISP), and other identifying information.

A search warrant is being requested in accordance with Utah Code Title 77 Chapters 23b, 23c, or 23f. These chapters stipulate that a government entity must seek a warrant to require a provider to disclose location information, stored or transmitted data, electronic information transmitted by the owner to a remote computer service or through an electronic communication service, the contents of an electronic communication in electronic storage of an electronic communication service, or identifying information for an electronic device. Utah code mandates such a demand can only be made pursuant to a warrant issued under the Utah Rules of Criminal Procedure, making a subpoena unsuitable in this context.

Before May, 2019 some of this data could be obtained through an investigative subpoena. However, since then Utah Code Chapter 23c of Title 77 was amended to expand the definition of electronic information to potentially encompass the data mentioned in this warrant affidavit. Subsequent amendments to Chapters 23b and 23f further delineated specific data that required a warrant for access. Out of an abundance of caution the State is therefore seeking a warrant.

Lumen Technologies shall disclose responsive data, if any, by sending to Investigator JUSTIN BOWEN at:

Email: jlbowen@utah.gov,

using Email all requested information to my email address: jlbowen@utah.gov or secure download through the submission portal.

Law enforcement will maintain all original evidence in a secure environment.

This affidavit has been reviewed by David Sturgill of the Utah County DA Office, and it has been approved for presentation to the court.

WHEREFORE, your affiant prays that a Search Warrant be issued for the seizure of said items in the daytime.

APPLICATION TO SEAL SEARCH WARRANT AND RELATED DOCUMENTS:

Your Affiant requests, pursuant to Utah Rule of Crim. P. 40(m) that the search warrant, application, and affidavit or other recorded testimony upon which the warrant is based, to include this application for an order sealing such documents, be SEALED until 03/17/2026 for the following reasons:

- pose a serious impediment to the investigation;

This is an on-going investigation and sealing this search warrant will greatly help to preserve the integrity of the investigation.

APPLICATION FOR NON-DISCLOSURE:

I request the court to order the provider, Lumen Technologies, to not notify any other person of the existence of this warrant. This request is made for the following reasons:
destruction of or tampering with evidence;
otherwise seriously jeopardize an investigation or unduly delaying a trial;

This is an on-going investigation and the non-disclosure of this search warrant will greatly help to preserve the integrity of the investigation and ensure that no evidence is destroyed or tampered with..

I declare under criminal penalty of the State of Utah that the foregoing is true and correct.

Executed on: 17th day of September, 2025 @ 12:11 PM by /s/ JUSTIN BOWEN

Case number: 2025-23000468

To: Investigator JUSTIN BOWEN and any authorized officer of the United States or the State of Utah: Affidavit(s), attached hereto and incorporated herein by this reference, having been made before me by the affiant, Investigator JUSTIN BOWEN, who has reason to believe the evidence of the crime(s) Aggravated Murder as defined in section 76-5-202, is now concealed or stored within the computer records of Lumen Technologies, in the account(s) named

Username: trobinsonut@gmail.com

I am satisfied that the affidavit(s) and any recorded testimony establish probable cause to believe that there is evidence of data in the form of stored electronic communications of any kind (including those that are currently stored or were stored or previously preserved), as specifically identified in this warrant for the Quantum Fiber (Owned by Lumen Technologies) account(s) associated with:

Username: trobinsonut@gmail.com,

which constitute evidence of a crime, contraband, fruits of a crime, or other items illegally possessed, or property designed for use, intended for use, or used in committing a crime, to wit: Aggravated Murder concealed or stored in the property above-described and establish grounds for the issuance of this warrant.

The court finds that a search warrant is appropriate pursuant to sections 77-23c, 23b, or 23f, Utah Code.

YOU ARE THEREFORE COMMANDED:

in the daytime

, to make a search or cause a search to occur of the above-described business for the evidence described herein, and if you find the same or any part thereof, to seize and bring it before me at the FOURTH DISTRICT COURT - ALL, County of Utah, or retain such property in your custody, subject to the order of this court.

Date Range: 8/27/2025 through 9/12/2025

Account associated with the username: trobinsonut@gmail.com

1. The contents of any communication or file stored by or for the Account(s) and any associated accounts, and any information associated with those communications or files, such as the source and destination email addresses or IP addresses including port numbers.
2. The contents of any systems or servers (virtual or physical) associated with the specified IP addresses, along with communication(s) or file(s) stored by or for the Account(s) owning, operating, leasing, or otherwise connected to the specified IP addresses, and any associated accounts, and any information associated with those communications or files, such as the source and destination email addresses, IP addresses, or domains.
3. All records and other information relating to the Account(s) and any associated accounts including the following:
 - a. Names (including subscriber names, user names, and screen names);
 - b. Addresses (including mailing addresses, service addresses, residential addresses, business addresses, and e-mail addresses);
 - c. Account opening documents (e.g. application, driver's license, identification, know your customer documents, photos, etc.)
 - d. Account log history, to include records of session times and durations, and the temporarily assigned network addresses (such as Internet Protocol ("IP") addresses) associated with those sessions, and device identifier;
 - e. Length of service (including start date) and types of service utilized;
 - f. Information related to all bank accounts related to the individuals/entities identified through the search warrant; and
 - g. All transaction records related to the accounts utilized by the individuals and entities identified above.
4. Any location information.
5. All available activity, connection and transactional logs, including user agent strings.
6. Any communications between the account holder and Quantum Fiber (owned by Lumen Technologies).

and that said property or evidence:

Was unlawfully acquired or is unlawfully possessed;

has been used or is possessed for the purpose of being used to commit or conceal the commission of an offense; or

is evidence of illegal conduct.

Copies of the above-described records and stored information should be obtained from original storage and provided on encrypted CD-R (CD-Recordable) media, unless the information is available only in hard copy form and provided to the case agent, Investigator JUSTIN BOWEN, who will seize and bring it before me at the FOURTH DISTRICT COURT - ALL, County of Utah, State of Utah, or retain such property in his custody, subject to further order of this court.

Lumen Technologies shall disclose responsive data, if any, by sending to Investigator JUSTIN BOWEN, Email: jlbowen@utah.gov using Email all requested information to my email address: jlbowen@utah.gov or secure download through the submission portal.

Law enforcement will maintain all original evidence in a secure environment.

ORDER TO SEAL

Based upon the Application to Seal in the accompanying Affidavit in Support of Search Warrant, IT IS HERBY ORDERED that the search warrant, application, and affidavit or other recorded testimony upon which this search warrant is based, to include the application for an order sealing such documents, is SEALED until 03/17/2026.

ORDER FOR NON-DISCLOSURE

The court finds that delayed notification is necessary in this case so Lumen Technologies is ordered to delay notification to any other person of the existence of this warrant for a period of 90 days.

Dated: 17th day of September, 2025 @ 12:17 PM /s/

SEAN PETERSEN
