IN THE DISTRICT COURT OF UTAH
FOURTH JUDICIAL DISTRICT, UTAH COUNTY

STATE OF UTAH,

Plaintiff,

vs.

TYLER JAMES ROBINSON,

Defendant.

STATE’S OBJECTION TO
DEFENDANT’S SUPPLEMENTAL
REQUEST FOR DISCOVERY
(filed April 3, 2026)

Case No. 251403576

Honorable Tony F. Graf Jr.

The State of Utah, by and through its counsel, Chad E. Grunander, Deputy Utah County Attorney, and pursuant to Rule 16 of the Utah Rules of Criminal Procedure, hereby objects to Defendant’s Supplemental Request for Discovery, filed on April 3, 2026.

DEFENDANT’S DISCOVERY REQUEST

Defendant requests copies of written statements between the Utah County Attorney’s Office (UCAO) and the media related to this case between March 26, 2026 and April 10, 2026 (date of this response). Second, Defendant requests a “list of all UCAO written, in person, virtual, and/or telephonic contacts with media entities” during the same time frame, the approximate times

of the contacts, and the names of all individuals involved. Third, Defendant requests copies of “memorialized internal communications discussing the potential or actual content of communications between the UCAO and media entities concerning this case” during the same time period, including “all communications related to the drafting, editing, approving, or otherwise addressing potential or actual written or oral statements to media entities among” the prosecution team and other UCAO employees. Finally, if the requested material does not exist or the State declines to disclose it, Defendant asks the State to identify whether the material exists, “which documents or items of information do exist but are not being disclosed,” and the legal basis for not disclosing it.

STATE’S OBJECTION TO DEFENDANT’S REQUEST

Rule 16 of the Utah Rules of Criminal Procedure requires prosecutors to disclose to a defendant the following:

- [M]aterial or information directly related to the case of which the prosecution team has knowledge and control:
- (A) written or recorded statements of the defendant and any codefendants, and the substance of any unrecorded oral statements made by the defendant and any codefendants to law enforcement officials;
- (B) reports and results of any physical or mental examination, of any identification procedure, and of any scientific test or experiment;
- (C) physical and electronic evidence, including any warrants, warrant affidavits, books, papers, documents, photographs, and digital media recordings;
- (D) written or recorded statements of witnesses;
- (E) reports prepared by law enforcement officials and any notes that are not incorporated into such a report; and
- (F) evidence that must be disclosed under the United States and Utah constitutions, including all evidence favorable to the defendant that is material to guilt or punishment.

Utah R. Crim. P. 16(1). Rule 16(4) provides, “The prosecutor must disclose any other item of *evidence* which the court determines on good cause shown should be made available to the

defendant in order for the defendant to adequately prepare a defense.” Utah R. Crim. P. 16(4) (emphasis added).

Simply put, the discovery rules and other authorities cited by Defendant do not require the State to provide the requested documents and information, and this Court has not made a finding of good cause and ordered the State to produce the materials. Moreover, the requested documents and information are not “evidence” as contemplated by the discovery rules, and the State seeks to avoid creating an expectation that it will provide similar material to Defendant in the future.

RESPECTFULLY SUBMITTED this 10th day of April 2026.
