Attorneys for Plaintiff

IN THE FOURTH JUDICIAL DISTRICT COURT

UTAH COUNTY, STATE OF UTAH

STATE OF UTAH, Plaintiff, v. TYLER JAMES ROBINSON, Defendant.	STIPULATED ORDER: (1) SETTING ASIDE OCTOBER 20, 2025, ORDER GRANTING MOTION TO PRESERVE EVIDENCE; AND (2) GRANTING IN PART MOTION TO PRESERVE EVIDENCE Case No. 251403576 Judge Tony F. Graf, Jr.
---	--

This matter comes before the Court on Defendant’s Motion to Preserve Evidence (Dkt. #75), and the State’s Motion to Set Aside the October 20, 2025, Order Granting Motion to Preserve Evidence (Dkt. #116).

Given the parties’ stipulation regarding the wording of an order requiring the preservation of evidence, the Court hereby enters the following

ORDER

1. The October 20, 2025, Order entitled “Order Granting Motion to Preserve Evidence” (Dkt. #107) is hereby SET ASIDE.

2. The Court GRANTS in part Defendant, Tyler James Robinson’s Motion to Preserve Evidence (Dkt. #75) and ORDERS the Utah County Attorney’s Office, its agents and any law enforcement agencies involved in the investigation of this case, to preserve all evidence in their custody or under their control, involved in the investigation of this case.

3. Notwithstanding this general order to preserve all evidence, the Utah County Attorney’s Office may release or dispose of an item of evidence if:

(a) it notifies defense counsel of its intent to release or dispose of the evidence; and

(b) defense counsel does not object within 14 days of receiving notice, or defense counsel agrees to the release or disposal of the evidence.

4. Further, this Court ORDERS the Utah County Attorney’s Office and any law enforcement agency involved in the investigation of this case to notify defense counsel prior to any potentially destructive testing and/or examination. If defense counsel does not object within 14 days of receiving notice, or defense counsel agrees to the potentially destructive testing and/or examination, the testing and/or examination may proceed. Testing and/or examination is potentially destructive only when it is likely to entirely

consume a piece of evidence, or an extract from that piece of evidence, or is likely to change the character of a piece of evidence.
